Office Furniture	
711	Packaged Offices
711.1	Furniture Systems and Workstation Clusters A furniture system is a system of furniture components designed to provide a comprehensive office furniture environment through the ability to create a variety of workstation configurations and generally includes interconnecting, structural panels as central integrating elements or may employ rails, beams, frames, uprights, cores, or freestanding based elements. Panels/privacy screens, worksurfaces, overhead storage and shelving pedestals, filing, task management systems, lighting, electrical, wire management and similar items comprise furniture systems and workstation clusters. Workstation clusters are workstations generally arranged around a central point and which have a fixed footprint. Floor to ceiling demountable walls, partial height walls, and spine type walls which accommodate system furniture components are acceptable as part of or in conjunction with a furniture systems line. "Systems" consisting of traditional conventional furniture such as desks, returns, carrels, credenzas, etc. are not acceptable.
711.2	Worksurfaces, Workstations, Computer Furniture and Accessories Includes items such as worksurfaces, workstations, workstation modules, moveable workstations, data or task stations, PC workcenters, desks, credenzas, computer tables, printer stands, pedestals, enclosure systems for computer equipment, computer consoles and computer stackers. Includes related accessories such as: L-returns, bridge units, worksurface and table extensions, overhead storage modules and shelves, desk carrels, modesty panels, above the worksurface privacy screens, terminal tilt platforms, turntables, tackboards, vertical CPU holders or stands, keyboard or pencil/center drawers, casters, locks, monitor support units, wrist rest, grommets, wire management, data & electrical components.
711.3	Filing and Storage Cabinets, Shelves, Mobile Carts, Dollies, Racks & Accessories Includes items such as vertical & lateral filing cabinets, multimedia storage cabinets, storage & shelving systems, wardrobes, overfiles, combination storage & wardrobe units, hybrid ty storage units, open cabinet shells, open shelves, shelf files, bookcases, map & plan files, racks for hanging files or tape seals, mobile carts & dollies for the transportation of printers/lapdesks/etc. Desktop filing systems are not included.
711.8	Executive Office Furniture Includes desks, table desks, reception stations, workstations in "L", "U" and other configurations which include units such as desks, desk attachments, bridge units, corner units, kneehole credenzas, & peninsula. Freestanding credenzas, credenzas with attached overhead storage unit/hutch & file cabinets (lateral & vertical). Bookcases, computer support furniture such as printer stands & VDT tables, work & console tables. Occasional tables such as end, coffee & lamp tables. Accessories designed to be used with above furniture such as wire management grommets, channels & tracks, stationary organizers, stationary inserts, additional drawer partitions, felt center drawer liners, waistbaskets, tackboards, tasklights & shelf dividers.
711.18	Multipurpose Seating Rotary chairs that utilize a pedestal base with casters. Stationary chairs that utilize a sled base, cantilever, "O" frame, or straight leg style. Ergonomically designed chairs that are rotary, have seat and/or back tilt, pneumatic seat height adjustment. Rotary drafting-style chairs with four ring or footrest, with or without arms, with glides or casters.
Dorm and Quarters	
71-200	Dormitory and Quarters Packaged Rooms
71-204	Dormitory, Quarters and Residential Caserooms and Beds. Mattresses comply with applicable flammability requirements. Furniture pieces designed for household, quarters and dormitory use and made from a variety of materials including wood, metal, wood/metal, stone, and/or glass. Ready-to-assemble (RTA) versions of the furniture are also available under this SIN. Residential dining room items include, but are not limited to, dining tables, china cabinets, buffets, sideboards, servers, hutchboards, baker's racks, breakfronts, corner cupboards, eagers, and curio/display cabinets. Caserooms include, but are not limited to, dressers (low and conventional height), chests, bureaus, low boys, high boys, vanities (including companion benches), nightstands, mirrors, wardrobes, clothing centers, coat racks, hall trees, armoires, entertainment units, TV stands/cabinets, bookcases, wall units, table desks, student desks, secretaries, home office type workstations, matching file cabinets, and tables, including occasional, guest, dinette, and game types. Bed items include, but are not limited to, headboards, bed frames, headboard and footboard sets, bed rails, captain's beds, bunk beds, wall beds, roll-about and other portable beds, bed accessories including bed steps, bedside stools and benches, blanket racks, underbed storage units, and safety rails. Mattresses and mattress/boxspring sets must only be purchased with an accompanying bed unit. Notes: Bunk beds designed for household use comply with ASTM F-1427 Standard Consumer Safety Specification for Bunk Beds and have
Misc	
71-301	Complete Daycare, Preschool and Classroom Solutions Infant, toddler, and classroom furniture, storage units/cabinets, toys and accessories. Includes high chairs and chairs with a feeding tray, cribs, changing tables, room dividers, play yards and "child scale" lounge seating. Includes cribs and washable, wet-resistant crib mattresses. Includes accessories such as crib sheets, crib bumper pads and sleeping mats. Includes items for storage and organization of toys and supplies, such as stationary or mobile units with or without trays or tubs, shelf units, combination lockers, storage wall systems, and teachers' storage units. Includes classroom chairs, student desks, student chair and desk units, student tables, table-arm chairs, pedestal strip tables and chairs, teacher's desks and chairs, storage units/cabinets, accessories and repair parts. Includes toys, preschool aids, learning centers, amusement devices, games, outdoor games, inflatable toys, crafts, hobbies. Includes design, related services and/or installation for any items under this SIN. Products meet applicable safety, performance and flammability requirements.
71-310	Industrial and Institutional Furniture: Workbenches, Worktables, Warehouse Storage, and High Density Storage Cabinets, Modular Cabinets Industrial Furniture - Includes such items as workbenches, worktables, workbench tops and legs, warehouse storage systems, and high-density storage cabinets. Shelves, cabinets, drawers, bins, trays, hangers, electrical fixtures and wiring fluid fixtures and plumbing, panels, footrests, casters and other accessories or components are acceptable. Work surfaces shall be designed for heavy-duty use. Specialized worksurfaces and workbenches such as tops designed for electrostatic discharge are acceptable. Accessories must specifically enhance the function of the bench or table. Except for standard electrical, air, and fluid fixtures, accessories must be specifically designed for use with the workbenches or worktables. Any electrical plugs and receptacles shall be certified to meet UL 498 with a NEMA configuration of 5-15 (P or R) or 6-15 (P or R). Cord sets shall meet UL 817. (Toolboxes and tool cabinets are not acceptable). Storage cabinets with interchangeable drawers, stationary or roll-out shelves or roll-out trays, with or without locking hardware, interconnecting hardware, supporting bases, casters, and worktops. Cabinets may be sold as components or as complete, pre-configured units. Drawers may be with or without adjustable dividers, partitions, bins and trays. Adjustable dividers, partitions, bins or trays must be offered and must be specifically designed for use with the cabinet drawers. (Shelving, toolboxes and tool cabinets are not acceptable)

**BEST VALUE DETERMINATION GUIDELINES
Greater than \$150,000**

(Schedule Purchases are subject to FAR 8.4, DFARS 208.4, and DFARS PGI Supplement 208.405-70)

- FAR 8.4 required that you make a best value determination before placing Multiple Award Schedule (MAS) orders above the micro-purchase limit (currently \$3,000).
- The Navy Furniture BPAs shall be the primary source for FF&E. Refer to Specification Section E20.
- For orders greater than \$150,000, all BPA holders for the applicable schedule shall be given an opportunity to compete for the requirement. In addition, UNICOR shall also be solicited. (DFARS PGI 208.405-70)
- Seek additional price discounts from the contractor offering the best value. (FAR 8.405-1(d))

1. Brief Description of Item, System or Component to be Procured:

2. Were all BPA holders and/or Federal Supply Schedule holders given the opportunity to propose on the requirement?
YES NO

3. Identify the Navy Furniture BPA or other Federal Supply Schedule utilized or indicate not applicable.

4. Was UNICOR included in the review? YES NO

5. Provide evidence of affording all BPA holder and/or Federal Supply Schedule holders the opportunity to compete. Also, provide evidence that UNICOR was solicited.

6. List the name(s) and contract number(s) of contractor(s) who responded to the request for proposal for this requirement:
List contractors' names, contract numbers and business size for those who responded.

7. Provide copies of all quotes received and reviewed.

8. Identify the contractor recommended as the best value.

9. When you sought additional price reductions, were they received? YES NO

10. Identify price with discounts for the recommended best value contractor.

[This page is intentionally left blank.]

11. Is installation, site preparation, design or ancillary services included in this project? YES NO
If yes, be sure that the installation, site preparation, design or ancillary services are included as separate line items in each quote.

12. Are you selecting the lowest priced item? YES NO
If no, indicate in addition to price, those factors listed below, considered in your decision.

- Price
- Special features required in effective program performance:
- Trade-in considerations
- Probable life of the item selected as compared with that of a comparable item: .
- Warranty considerations:
- Maintenance availability
- Past performance
- Environmental and energy efficiency considerations
- Comfort/suitability of the item:
- Delivery terms
- Your administrative costs
- Training needed or provided
- Technical qualifications
- Compatibility with existing furniture / Products / Technology (circle appropriate category)
- Other (*specify*):

13.
Best Value Determination:
A narrative justification for each box checked above for other than low price selection must be attached. Describe the evaluation factor, how the recommended best value contractor's offer met or exceeded the standard for each factor, and why the offeror represents the best value to the Government compared to the other offerors.

SUBMITTING OFFICIAL (PRIME CONTRACTOR'S INTERIOR DESIGNER)

In accordance with FAR 8.404(b), all agency specific regulations and statutes applicable to this purchase are attached. I have reviewed the findings and documentation attached and I have affirmatively determined them to be complete and accurate.
