

REQUEST FOR PROPOSAL (RFP)
Langley AFB Multiple Award Construction Contract (MACC)
Amendment 02 to Repair Nor'easter damage, floors/walls/ceilings, F 664

Issued By: 633D Contracting Squadron/LGCB
74 Nealy Avenue
Langley AFB, VA 23665

22 February 10

Point of Contact: 1Lt Brian Chin, 757-764- 7681, SSgt Charles Craig 757-764-7427,

PROJECT NUMBER: MUHJ 10-4100

PROJECT TITLE: Repair Nor'easter damage, floors/walls/ceilings, F 664

Subject RFP is amended as follows:

Amendment 02 is issued to include attached Addendum 02 incorporating changes to the Statement of Work.

Cost proposal due date remains unchanged, 09 March 2010 at 2:00 p.m.

ADDENDUM NO: 2

CONTRACT NO: N/A

PROJECT NO. & TITLE: MUHJ 10-4100, Repair Nor'easter Damage, Floors/Walls/Ceilings,
Facility 664

The following changes shall be incorporated into and become part of the contract documents.

1. STATEMENT OF WORK

There is cracking on the brickwall on the southeast side of the facility; there is evidence that it has been sealed in the past with an epoxy/cement sealant. The work that has been done is inadequate; it is providing an entrance for water and is causing damage to the office interior. The Contractor shall seal the brickwall cracking that is consistent with the current finish and Langley standards; approximately 20' of cracking needs resealing.
